Life Cycle of a Plant

This activity was created by Sophia.

This is the lifecycle of a sunflower! Using the key below, colour in the cycle!

Colour the sunflower seeds and the smaller circle on the flower 000

Colour the arrows 001

Colour the soil 010

Colour the leaves and stem, as we as the two plants without a flower 011

Colour the bigger outside circle on the flower 100

Colour the petals on the flower 101

Leave the roots white!
