Forces in my House

This activity was created by Kajal.

A force is a

PUSH or a

PULL

Some types of forces act over a distance.

These are called

REPULSION

and

ATTRACTION

This is like pushing!

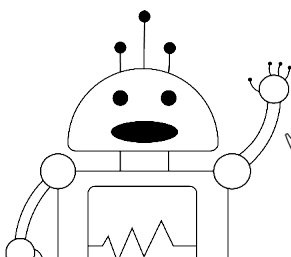

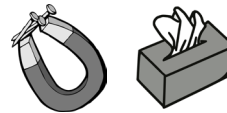

This is like pulling!

Think of your whole day so far. Can you draw the different forces around your house. Circle the ones that are attraction or repulsion!

PUSH

PULL

Did you know that these are called Boolean because there are exactly two options. Push or pull, attraction or repulsion.
