## A Picture of Esiw and Kitty

This activity was created by Kaja.

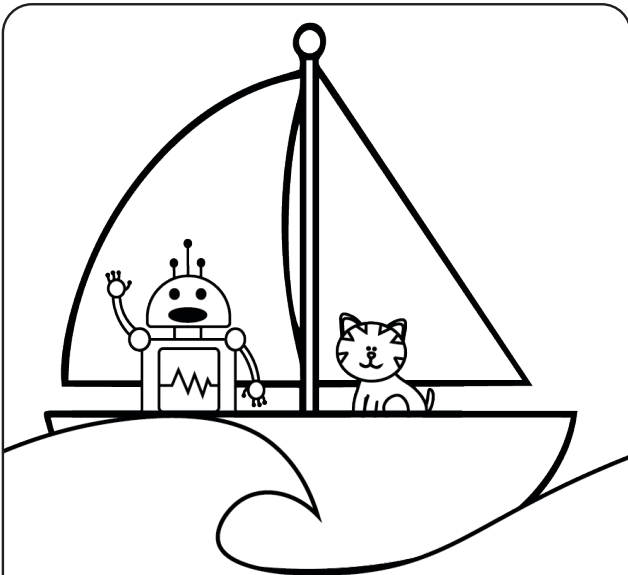

Esiw and Kitty need your help! They want you to paint a picture of them and their boat. Can you colour in the picture that you think has the best position? Esiw and Kitty will stay in one spot and you can move around them.

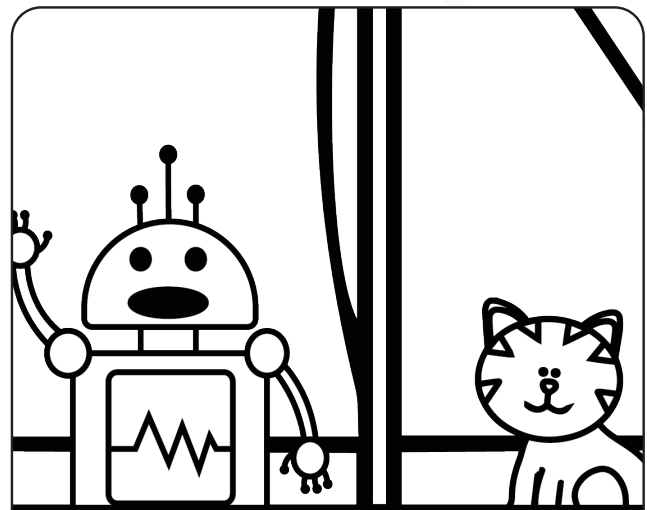

This is what Esiw and Kitty look like from a nearby island. This frame shows the landscape, Esiw, Kitty and the boat

In this frame you are standing right in front of Esiw. Esiw is the only thing you can see if this frame.

When you move further away you can see Esiw, Kitty and the whole boat.

And if you move closer you can only see Esiw and Kitty and not the whole boat.
